

July 2010

Sean suggests.....

LIGHT

Widmer Brothers – Sunburn 4.3% abv

“Sunburn is light in color, body, and bitterness, but by no means light in flavor. Sunburn’s point of differentiation is that it delivers an abundance of flavor via the new hop called Citra. Citra is aptly named for its thirst quenching citrus flavor and aroma.” Sounds like a lovely session beer.

MEDIUM

Karl Strauss – Whistler Imperial Pilsner 7.5% abv

In the American tradition of amped up revisions of classic styles comes: “Whistler Imperial Pils takes the classic elements of a pilsner and turns up the volume—more malts, more hops, more alcohol.”

DARK

Sudwerk – Marzen 5.3% abv

“Sudwerk Marzen is a full bodied, amber colored lager. Marzen is traditionally brewed in March and enjoyed during Oktoberfest.” But it goes just as good with BBQ in summer.

Every month there will be a new light, medium and dark suggestion
